# *Subject index**

A

Abscesses, pyogenic hepatic, in infancy and childhood (Dehner and Kissane), 763

Abstracts, 811

Acid-base measurements, use in clinical evaluation and treatment of sick neonate (Behrman), 632

monitoring of fetus during labor with blood obtained from scalp (Seeds and Behrman), 804

Acidemia, methylmalonic, and glycinemia, observations on coexistence (Morrow et al.), 680

studies in patient with (Morrow and Barness), 691

Acidotic and nonacidotic juvenile diabetes mellitus, corsitol secretion in (Garces et al.), 517

Acids, amino, in phenylketonuric and normal subjects, effect of elevated plasma phenylalanine levels on other (Efron et al.), 399

fatty, unsaturated, defective metabolism of: acrodermatitis enteropathica (Cash and Berger), 717

Acrodermatitis enteropathica: defective metabolism of unsaturated fatty acids (Cash and Berger), 717

Albumin, serum, with bilirubin, determination of saturation of: studies in kernicterus (Odell, Cohen, and Kelly), 214

Amino acids in phenylketonuric and normal subjects, effect of elevated plasma phenylalanine levels on other (Efron et al.), 399

Aminoaciduria, N-acetylcysteine–cysteine disulfide excretion in urine following N-acetylcysteine administration (Shih and Schulman), 129

Aminolevulinic, δ, acid, serum, in plumbism (Feldman et al.), 917

Amniotic fluid, enhancement of bacterial growth in, by meconium (Forman and Teubner) (BCLO), 111

Ampicillin, optimal dosage for shigellosis (Haltalin et al.), 626

relapse of Hemophilus influenzae type b meningitis during intravenous therapy with (Coleman et al.) (BCLO), 781

treatment of Hemophilis influenzae meningitis, bacteriologic relapse during (Winick and Rosso) (BCLO), 779

of meningitis due to Hemophilus influenzae:

Ampicillin—Cont'd

appraisal after 6 years of experience (Yow) (Editor's column), 848

Amylo-1,6-glucosidase and phosphorylase deficiency, leukocyte, heredity of (Esmann, Hobolth, and Jørgensen), 90

Amyloidosis in childhood (Strauss, Schubert, and McAdams), 272

Anabolic steroids in cystic fibrosis (Sobel) (Editor's column), 157

Anemia, congential, and triphalangeal thumbs: new syndrome (Aase and Smith) (BCLO), 471

megaloblastic, thiamine-responsive (Rogers, Porter, and Sidbury), 494

Angioosteohypertrophy syndrome with protein-losing enteropathy (Caplan, Herskovic, and Gryboski) (BCLO), 119

Angioretinography, fluorescein, and funduscopic photography in evaluation of children with neurologic handicaps (Baird, Pileggi, and Harley), 937

Ankylosing spondylitis with childhood onset (Schaller, Bitnum, and Wedgwood), 505

Announcements, 150, 326, 486, 661, 843, 1010

Anomaly(ies), cytogenetics in mentally defective children with: controlled study (Summitt), 58

oral, cranial, and digital, new familial syndrome (Juberg and Hayward), 755

Wolff-Parkinson-White, in childhood, transient nature (Friedman, Wells, and Amiri) (BCLO), 296

Antibody titer, homologous, and ureteric urine bacteriology, correlation in children with urinary infection (Hewstone and Whitaker), 540

Aorta, rarity of coarctation in American Negro (Hernandez, Miller, and Schiebler) (BCLO), 623

Aortic stenosis syndrome, supravalvular, familial, generalized arterial fibromuscular dysplasia and myocardial infarction in (Schmidt et al.), 576

Arginine infusion, effect on plasma growth hormone and insulin in children (Root et al.), 187

Arterial fibromuscular dysplasia, generalized, and myocardial infarction in familial supravalvular aortic stenosis syndrome (Schmidt et al.), 576

Arteriosus, ductus, patent, complicating prolonged assisted ventilation in respiratory distress syndrome (Siassi et al.), 11

*January, pp. 1-162; February, pp. 163-330; March, pp. 331-492; April, pp. 493-666; May, pp. 667-852; June, pp. 853-1042.

Arthrogryposis or new syndrome? (Srivastava) (Letter), 840; (Aase and Smith) (Reply), 841

Ash and protein content: diet and growth in premature infant (Babson and Bramhall), 890

Asphyxiated newborn infant, treatment (Behrman et al.), 981

Atresia, tricuspid, with transposition of great vessels (Folger, Witham, and Ellison), 946

Atrial flutter (Treister and Kleiger) (Letter), 1005; (Hastreiter) (Reply), 1006

B

Bacterial growth, enhancement of, in amniotic fluid by meconium (Florman and Teubner) (BCLO), 111

Bacteriologic differentiation between upper and lower urinary tract infection in children (Whitaker and Hewstone), 364

relapse during ampicillin treatment of Hemophilus influenzae meningitis (Gold, Lieberman, and Wright) (BCLO), 779

Bacteriology, urine, ureteric, and homologous antibody titer, correlation in children with urinary infection (Hewstone and Whitaker), 540

Bacteriuria in children, detection of (Dodge et al.) (BCLO), 107

Bartter's syndrome, case of, with abnormal renin response to salt load (Imai et al.) 738

Battered child (Bakwin) (B. rev.), 658

Behavior, child, and development, problems in (Garfunkel) (B. rev.), 320

Behavioral disturbance, radioulnar synostosis, and XYY chromosomes (Cleveland, Arias, and Smith), 103

manifestations, new disorder of purine metabolism with (Nyhan et al.), 20

Bell's palsy in children (Blattner) (Comments), 835

Bilirubin, determination of saturation of serum albumin with: studies in kernicterus (Odell, Cohen, and Kelly), 214

effect on human platelet (Suvansri, Cheung, and Sawitsky), 240

Binding capacity, phenolsulfonphthalein, of serum in newborn infants (Maurer, Wolff, and Luke), 231

Biologic basis of pediatric practice (Winters) (B. rev.), 482

Bleach, chlorine, liquid, esophageal injury by: experimental study (Weeks and Ravitch), 911

Blood obtained from scalp, acid-base monitoring of fetus during labor with (Seeds and Behrman), 804

Bone lesions, rubella (Reed), 208

Book reviews, 147, 319, 482, 658, 838, 1002

Brain, cellular growth of, and head circumference in normal and marasmic children (Winick and Rosso), 774

development and malnutrition (Winick), 667

Brancher enzyme activity, leukocyte, in family with type IV glycogenosis, studies on (Legum and Nitowsky), 84

Bullosa, epidermolysis, hereditary (Blattner) (Comments), 655

Burn, methemoglobinemia with silver nitrate therapy of: report of case (Cushing and Smith) (BCLO), 613

C

Canthal, inner, normal, and outer orbital dimensions (Laestadius, Aase, and Smith) (BCLO), 465

Carcinoma of liver and hepatorenal glycogenosis (type I glycogenosis) (Zangeneh et al.), 73

Cardiac catheter device for removal of plastic catheter emboli from children's hearts (Rashkind), 618

malformations (Young and Bernstein) (CPC), 994

Cardiology, paediatric (Garfunkel) (B. rev.), 482

Catheter device, cardiac, for removal of plastic catheter emboli from children's hearts (Rashkind), 618

Cell disease, sickle, hemolytic crisis of: role of glucose-6-phosphate dehydrogenase deficiency (Smits, Oski, and Brody), 544

Cellular growth of brain and head circumference in normal and marasmic children (Winick and Rosso), 774

and humoral factors: phagocytosis of newborn infant (Miller), 255

Cerebrospinal fluid glucose, evaluation of screening methods (Feinbloom and Alpert) (BCLO), 615

Chelating agents in treatment of lead intoxication (Freeman) (Letter), 322; (Chisolm) (Reply), 323

Chlorine bleach, liquid, esophageal injury by: experimental study (Weeks and Ravitch), 911

Chlorothiazide, unusual reaction to: prolonged coma and visual loss (Srivastava et al.), 126

Chromosomal alterations and congenital malformations, association (Wright) (Editor's column), 490

female subjects, hemophilia A in (Lusher, Zuelzer, and Evans), 265

Chromosome(s) No. 18, IgA absence associated with short arm deletion of (Ruvalcaba and Thuline) (BCLO), 964

survey of 2,400 normal newborn infants (Walzer, Breau, and Gerald), 438

Chromosome(s) survey—Cont'd
of unselected live-born children with congenital abnormalities (Stewart et al.), 449
XYY, radioulnar synostosis, and behavioral disturbance (Cleveland, Arias, and Smith), 103
Coagulation, intrauterine disseminated intravascular: syndrome of multiple pregnancy with dead twin fetus (Moore, McAdams, and Sutherland), 523
intravascular, recognition and treatment (Abildgaard), 163
Coarctation of aorta, rarity in American Negro (Hernandez, Miller, and Schiebler) (BCLO), 623
Colistin intoxication, peritoneal dialysis in: report of case (Swick et al.), 976
Coma, prolonged, and visual loss: unusual reaction to chlorothiazide (Srivastava et al.), 126
Congenital abnormalities, chromosome survey of unselected live-born children with (Stewart et al.), 449
anemia and triphalangeal thumbs: new syndrome (Aase and Smith) (BCLO), 471
heart disease, neonate with (Wells) (B. rev.), 484
malformations and chromosomal alterations, association of (Wright) (Editor's column), 490
and maternal rubella before 1964: frequency, clinical features, and search for isoimmune phenomena (White, Sever, and Alepa), 198
rubella, survey of cord and follow-up sera from 123 infants with: serum immunoglobulin levels in newborn infants (McCracken et al.), 383
syphilis: observations on laboratory diagnosis of intrauterine infection (Ackerman) (BCLO), 459
Cortical and renal papillary necrosis in newborn infant: report of survivor with roentgenologic documentation (Mauer and Nogrady), 750
Cortisol secretion in acidotic and nonacidotic juvenile diabetes mellitus (Garces et al.), 517
Cranial, digital, and oral anomalies, new familial syndrome (Juberg and Hayward), 755
Crisis, hemolytic, of sickle cell disease: role of glucose-6-phosphate dehydrogenase deficiency (Smits, Oski, and Brody), 544
Cutaneous injection, role of: epidemiology of diphtheria (Blattner) (Comments), 991
Cyclophosphamide and fatal varicella (Scheinman and Stamler) (BCLO), 117
response of childhood rhabdomyosarcoma to combination chemotherapy (Pratt) (BCLO), 791
Cyclops, trisomy D in (Arakaki and Waxman) (BCLO), 620
Cystic fibrosis, anabolic steroids in (Sobel) (Editor's column), 157
effects of gravity and exercise on pulmonary diffusing capacity in children with (Zelkowitz and Giammona), 393
of pancreas, norethandrolone in (Dooley et al.), 95
Cystinosis, early diagnosis (Schneider, Wong, and Seegmiller) (BCLO), 114
Cytogenetics in mentally defective children with anomalies: controlled study (Summitt), 58

## D

Dactinomycin, response of childhood rhabdomyosarcoma to combination chemotherapy (Pratt) (BCLO), 791
Deformans, musculorum, dystonia: natural history and neurosurgical alleviation (Cooper), 585
Diabetes mellitus in childhood, hyperosomolality complicating (Rubin, Kramer, and Drash), 177
juvenile, acidotic and nonacidotic, cortisol secretion in (Garces et al.), 517
Dialysis, peritoneal, in colistin intoxication: report of case (Swick et al.), 976
Diet and growth in premature infant (Babson and Bramhall), 890
Digital, oral, and cranial anomalies, new familial syndrome (Juberg and Hayward), 755
Digitalis, value in respiratory distress syndrome: controlled study (Braudo and Keith), 310
Diphenylhydantoin, toxicity with (Seeler) (Letter), 485
Diphenoxylate poisoning in children (Ament) (BCLO), 462
Diphtheria, epidemiology of: role of cutaneous infection (Blattner) (Comments), 991
Disease, granulomatous, chronic (Blattner) (Comments), 315
heart, congenital, neonate with (Wells) (B. rev.), 484
Morquio-Brailsford's, spinal cord compression in (Blaw and Langer), 593
renal, chronic, increase in proteinuria due to steroid medication in (Heymann and Grupe), 356
Disorders, language and learning, of preacademic child: with curriculum guide (Lillywhite) (B. rev.), 838
Donohue's syndrome, leprechaunism: case report (Summitt and Favara), 601
Down's syndrome, incidence in American Negroes (Kashgarian and Rendtorff) (BCLO), 468

Drug therapy of hypertension in children and adolescents (Loggie), 640

Ductus arteriosus, patent, complicating prolonged assisted ventilation in respiratory distress syndrome (Siassi et al.), 11

Dysgenesis, gonadal, in gonadoblastoma: report of two cases with 46,XY/45,X mosaicism (Josso et al.), 425

Dysostosis, peripheral: investigation of metabolic and endocrine functions (Garces et al.), 730

Dysplasia, generalized arterial fibromuscular, and myocardial infarction in familial supravalvular aortic stenosis syndrome (Schmidt et al.), 576

Dystonia musculorum deformans: natural history and neurosurgical alleviation (Cooper), 585

E

Ellis–van Creveld syndrome, perinatal leukemia with possible variant of (Miller, Newstead, and Young) (BCLO), 300

Emboli, plastic catheter, from children's hearts, cardiac catheter device for removal (Rashkind), 618

Encephalopathy, hypertensive, transient: possible relation to licorice (McNicholl and Kilroy) (BCLO), 963

Endocrine gland syndromes, outline (Carpenter) (B. rev.), 1003

and metabolic functions, investigation of: peripheral dysostosis (Garces et al.), 730

Enteropathica, acrodermatitis: defective metabolism of unsaturated fatty acids (Cash and Berger), 717

Enteropathy, protein-losing, angioosteohypertrophy syndrome with (Caplan, Herskovic, and Gryboski) (BCLO), 119

Enzyme activity, brancher, leukocyte, in family with type IV glycogenosis, studies on (Legum and Nitowsky), 84

Epidemiology of diphtheria: role of cutaneous infection (Blattner) (Comments), 991

Epidermolysis bullosa, hereditary (Blattner) (Comments), 655

Epinephrine, plasma lipid changes induced by (Ansanelli et al.), 709

Esophageal injury by liquid chlorine bleach: experimental study (Weeks and Ravitch), 911

Exchange transfusions, morbidity and mortality related to (Panagopoulos, Valaes, and Doxiadis), 247

Exercise and gravity, effects on pulmonary diffusing capacity in children with cystic fibrosis (Zelkowitz and Giammona), 393

F

Familial Mediterranean fever, intestinal obstruction complicating (Schrager) (BCLO), 966

supravalvular aortic stenosis syndrome, generalized arterial fibromuscular dysplasia and myocardial infarction in (Schmidt et al.), 576

syndrome, new, of oral, cranial, and digital anomalies (Juberg and Hayward), 755

21/21 translocation (Lawton, Stoddard, and Seely) (BCLO), 305

Turner phenotype (Abdel-Salam and Temtamy), 67

Fat cell function and insulin in patient with generalized lipodystrophy (Senior and Loridan) (BCLO), 972

diets, low-, and rest in management of acute infectious hepatitis, evaluation (Silverberg et al.), 260

Fatty acids, unsaturated, defective metabolism of: acrodermatitis enteropathica (Cash and Berger), 717

Fetus, natural isohemagglutinin production by (Thomaidis, Agathopoulos, and Matsaniotis), 39

Fever, Mediterranean, familial, intestinal obstruction complicating (Schrager) (BCLO), 966

Fibromuscular dysplasia, arterial, general, and myocardial infarction in familial supravalvular aortic stenosis syndrome (Schmidt et al.), 576

Fibrosis, cystic, anabolic steroids in (Sobel) (Editor's column), 157

effects of gravity and exercise on pulmonary diffusing capacity in children with (Zelkowitz and Giammona), 393

of pancreas, norethandrolone in (Dooley et al.), 95

Fluorescein angioretinography and funduscopic photography in evaluation of children with neurologic handicaps (Baird, Pileggi, and Harley), 937

Flutter, atrial (Treister and Kleiger) (Letter), 1005; (Hastreiter) (Reply), 1006

Funduscopic photography and fluorescein angioretinography in evaluation of children with neurologic handicaps (Baird, Pileggi, and Harley), 937

G

Genetic defects, prenatal detection (Nadler), 132

Globulin levels, $\beta_{1C}$, serum, reduced, "silent" phase of hypocomplementemic persistent nephritis detectable by (Northway et al.), 28

Gluconeogenesis and insulin in ketotic variety of childhood hypoglycemia and in control children (Senior and Loridan), 529

Glucose, cerebrospinal fluid, evaluation of screening methods for (Feinbloom and Alpert) (BCLO), 615
Glycinemia and methylmalonic acidemia, observations on coexistence (Morrow et al.), 680
Glycogenosis, hepatorenal (type I glycogenosis) and carcinoma of liver (Zangeneh et al.), 73
type IV, studies on leukocyte brancher enzyme activity in family with (Legum and Nitowsky), 84
Gonadal dysgenesis, gonadoblastoma in: report of two cases with 46,XY/45,X mosaicism (Josso et al.), 425
Gonadoblastoma in gonadal dysgenesis: report of two cases with 46,XY/45,X mosaicism (Josso et al.), 425
Granulocytic leukemia, chronic, priapism in child with (Graw, Skeel, and Carbone) (BCLO), 788
Granulomatous disease, chronic (Blattner) (Comments), 315
Gravity and exercise, effects on pulmonary diffusing capacity in children with cystic fibrosis (Zelkowitz and Giammona), 393
Growth and diet in premature infant (Babson and Bramhall), 890
hormone, plasma, and insulin in children, effect of arginine infusion on (Root et al.), 187
intrauterine, of live-born Caucasian infants at sea level: standards obtained from measurements in 7 dimensions of infants born between 25 and 44 weeks of gestation (Usher and McLean), 901
(Battaglia) (Editor's column), 1015

## H

Head circumference and cellular growth of brain in normal and marasmic children (Winick and Rosso), 774
Heart disease, congenital, neonate with (Wells) (B. rev.), 484
Hemangioma, splenic (Propp and Scharfman) (Letter), 660; (Stiehm) (Reply), 660
Hemolytic crisis of sickle cell disease: role of glucose-6-phosphate dehydrogenase deficiency (Smits, Oski, and Brody), 544
Hemophilia A in chromosomal female subjects (Lusher, Zuelzer, and Evans), 265
Hemophilus influenzae, ampicillin in treatment of meningitis due to: appraisal after 6 years of experience (Yow) (Editor's column), 848
meningitis, bacteriologic relapse during ampicillin treatment (Gold, Lieberman, and Wright) (BCLO), 779
Hemophilus influenzae—Cont'd
type b meningitis, relapse during intravenous therapy with ampicillin (Coleman et al.) (BCLO), 781
Hepatic abscesses, pyogenic, in infancy and childhood (Dehner and Kissane), 763
Hepatitis, infectious, acute, evaluation of rest and low-fat diets in management (Silverberg et al.), 260
Hepatorenal glycogenosis (type I glycogenosis) and carcinoma of liver (Zangeneh et al.), 73
Hereditary epidermolysis bullosa (Blattner) (Comments), 655
microcornea, glaucoma, and absent frontal sinuses: family study (Holmes and Walton) (BCLO), 968
Heredity of leukocyte phosphorylase and amylo-1,6-glucosidase deficiency (Esmann, Hobolth, and Jørgensen), 90
Hormone, growth, plasma, and insulin in children, effect of arginine infusion on (Root et al.), 187
luteinizing, serum, by radioimmunoassay in normal children (Johanson et al.), 416
Humoral and cellular factors: phagocytosis in newborn infant (Miller), 255
Hyperbilirubinemia and phototherapy (Behrman), 989
Hyperosmolality complicating diabetes mellitus in childhood (Rubin, Kramer, and Drash), 177
Hypersensitivity, delayed, atypical illness, and inactivated myxovirus vaccines (Eller) (Editor's column), 664
mechanisms and management (Rhyne) (B. rev.), 1002
vaccine-induced: reactions to live measles and mumps vaccine in prior recipients of inactivated mumps vaccine (Harris, Isacson, and Karzon), 552
Hypertension in children and adolescents: causes and diagnostic studies (Loggie), 331
drug therapy (Loggie), 640
Hypertensive encephalopathy, transient: possible relation to licorice (McNicholl and Kilroy) (BCLO), 963
Hypoglycemia, childhood, ketotic variety, and in control children, gluconeogenesis and insulin in (Senior and Loridan), 529
idiopathic: study of 26 children (Kogut, Blaskovics, and Donnell), 853
Hypothermia, accidental, acute, in newborn infant: case report (Melini, Kusakcioglu, and Kendall) (BCLO), 960
Hypothyroidism and mumps thyroiditis (Hung) (BCLO), 611

## I

Idiopathic hypoglycemia: study of 26 children (Kogut, Blaskovics, and Donnell), 853
Iminoaciduria (Blattner) (Comments), 144

Imipramine intoxication, myocardial damage due to (Sueblinvong and Wilson), 475

Immunoglobulin(s), IgA absence associated with short arm deletion of chromosome No. 18 (Ruvalcaba and Thuline) (BCLO), 964

and IgM, quantitation in umbilical cord serum of normal newborn infants (Brasher and Hartley) (BCLO), 784

levels, serum, in newborn infants: evaluation of radial diffusion plate method (McCracken et al.), 378

survey of cord and follow-up sera from 123 infants with congenital rubella (McCracken et al.), 383

Infarction, myocardial, and generalized arterial fibromuscular dysplasia in familial supravalvular aortic stenosis syndrome (Schmidt et al.), 576

Infection, cutaneous, role of: epidemiology of diphtheria (Blattner) (Comments), 991

intrauterine, observations on laboratory diagnosis of: congenital syphilis (Ackerman) (BCLO), 459

upper and lower urinary tract, in children, bacteriologic differentiation between (Whitaker and Hewstone), 364

urinary, correlation of ureteric urine bacteriology and homologous antibody titer in children with (Hewstone and Whitaker), 540

Influenzae, Hemophilus, ampicillin in treatment of meningitis due to: appraisal after 6 years experience (Yow) (Editor's column), 848

meningitis, bacteriologic relapse during ampicillin treatment (Gold, Lieberman, and Wright) (BCLO), 779

type b meningitis, relapse during intravenous therapy with ampicillin (Coleman et al.) (BCLO), 781

Insulin and fat cell function in patient with generalized lipodystrophy (Senior and Loridan) (BCLO), 972

and gluconeogenesis in ketotic variety of childhood hypoglycemia and in control children (Senior and Loridan), 529

and plasma growth hormone in children, effect of arginine infusion on (Root et al.), 187

International Paediatric Association (Janeway) (Editor's column), 846

history (Nelson) (B. rev.), 838

Intestinal obstruction complicating familial Mediterranean fever (Schrager) (BCLO), 966

Intratracheal intubation, digital: a student's support and tribute (McCormick) (Letter), 660

Intrauterine disseminated intravascular coagulation: syndrome of multiple pregnancy with dead twin fetus (Moore, McAdams, and Sutherland), 523

Intrauterine—Cont'd

growth (Battaglia) (Editor's column), 1015

of live-born Caucasian infants at sea level: standards obtained from measurements in 7 dimensions of infants born between 25 and 44 weeks of gestation (Usher and McLean), 901

infection, observations on laboratory diagnosis: congenital syphilis (Ackerman) (BCLO), 459

Intravascular coagulation, disseminated, intrauterine: syndrome of multiple pregnancy with dead twin fetus (Moore, McAdams, and Sutherland), 523

recognition and treatment (Abildgaard), 163

Intubation, intratracheal, digital, a student's support and tribute (McCormick) (Letter), 660

Ipecac-induced emesis, comparison with gastric lavage in treatment of acute salicylate ingestion (Boxer et al.), 800

Isohemagglutinin production, natural, by fetus (Thomaidis, Agathopoulos, and Matsaniotis), 39

Isoimmune phenomena, search for, frequency, and clinical features: maternal and congenital rubella before 1964 (White, Sever, and Alepa), 198

Isolation therapy, sensory, of autistic children: preliminary report (Schechter et al.), 564

## K

Keratitis, shigella: case report (Ryan and Riley) (BCLO), 294

Kernicterus, studies in: determination of saturation of serum albumin with bilirubin (Odell, Cohen, and Kelly), 214

Ketosteroids, 17-, plasma, during adolescence (Rosenfield and Eberlein), 932

Ketotic variety of childhood hypoglycemia, gluconeogenesis and insulin in, and in control children (Senior and Loridan), 529

## L

Language and learning disorders of preacademic child: with curriculum guide (Lillywhite) (B. rev.), 838

Lavage, gastric, comparison with ipecac-induced emesis in treatment of acute salicylate ingestion (Boxer et al.), 800

Lead intoxication, chelating agents in treatment (Freeman) (Letter), 322; (Chisolm) (Reply), 323

Learning and language disorders of preacademic child: with curriculum guide (Lillywhite) (B. rev.), 838

Leprechaunism (Donohue's syndrome): case report (Summitt and Favara), 601
Lesions, bone, rubella (Reed), 208
Leukemia, granulocytic, chronic, priapism in child with (Graw, Skeel, and Carbone) (BCLO), 788
perinatal, with possible variant of Ellis–van Creveld syndrome (Miller, Newstead, and Young) (BCLO), 300
Leukocyte(s) brancher enzyme activity in family with type IV glycogenosis, studies on (Legum and Nitowsky), 84
of newborn infants, phagocytosis by (Pearson) (Editor's column), 329
phosphorylase and amylo-1,6-glucosidase deficiency, heredity of (Esmann, Hobolth, and Jørgensen), 90
Licorice, possible relation to, of transient hypertensive encephalopathy (McNicholl and Kilroy) (BCLO), 963
Lipid changes, plasma, induced by epinephrine (Ansanelli et al.), 709
Lipodystrophy, generalized, fat cell function and insulin in patient with (Senior and Loridan) (BCLO), 972
Liver, carcinoma of, and hepatorenal glycogenosis (type I glycogenosis) (Zangeneh et al.), 73
Longitudinal sinus, superior, thrombosis of: preliminary report (Yang, Sohn, and Anand), 570
Low-birth-weight infants, clinical effects of two different levels of protein on (Goldman et al.), 881
protein intake for (Yow) (Editor's column), 1016
Lungs of premature infants, radiologic findings in (Thibeault et al.), 1
Luteinizing hormone, serum, by radioimmunoassay in normal children (Johanson et al.), 416
Lymphadenitis, mesenteric, acute (Blattner) (Comments), 479

## M

Malnutrition and brain development (Winick), 667
relationship between muscle potassium and total body potassium in infants with (Nichols et al.), 49
Marasmic and normal children, head circumference and cellular growth of brain in (Winick and Rosso), 774
Marfan's syndrome or variant? (Ghosh) (Letter), 840; (Epstein) (Reply), 840
Marihuana, role in patterns of drug abuse by adolescents (Milman), 283
Maternal and congenital rubella before 1964: frequency, clinical features, and search for isoimmune phenomena (White, Sever, and Alepa), 198
Measles and mumps vaccine, live, reactions in prior recipients of inactivated measles vaccine: vaccine-induced hypersensitivity (Harris, Isacson, and Karzon), 552
virus vaccine, live, effect on childhood nephrosis (Yuceoglu, Berkovich, and Chiu) (BCLO), 291
Meconium, enhancement of bacterial growth in amniotic fluid by (Florman and Teubner) (BCLO), 111
Mediterranean fever, familial, intestinal obstruction complicating (Schrager) (BCLO), 966
Megaloblastic anemia, thiamine-responsive (Rogers, Porter, and Sidbury), 494
Mellitus, diabetes, in childhood, hyperosmolality complicating (Rubin, Kramer, and Drash), 177
juvenile, acidotic and nonacidotic, cortisol secretion in (Garces et al.), 517
Meningitis due to Hemophilus influenzae, ampicillin in treatment: appraisal after 6 years of experience (Yow) (Editor's column), 848
Hemophilus influenzae, bacteriologic relapse during ampicillin treatment (Gold, Lieberman, and Wright) (BCLO), 779
type b, relapse during intravenous therapy with ampicillin (Coleman et al.), 781
Mentally defective children with anomalies, cytogenetics in: controlled study (Summitt), 58
retarded child, parents of: emotionally deprived or informationally overwhelmed? (Matheny and Vernick), 953
Mesenteric lymphadenitis, acute (Blattner) (Comments), 479
Metabolic and endocrine functions, investigation of: peripheral dysostosis (Garces et al.), 730
Metabolism, defective, of unsaturated fatty acids: acrodermatitis enteropathica (Cash and Berger), 717
purine, new disorder of, with behavioral manifestations (Nyhan et al.), 20
Methemoglobinemia with silver nitrate therapy of burn: report of case (Cushing and Smith) (BCLO), 613
Methylmalonic acidemia and glycinemia, observations on coexistence (Morrow et al.), 680
studies in patient with (Morrow and Barness), 691
Microcornea, hereditary, glaucoma, and absent frontal sinuses: family study (Holmes and Walton) (BCLO), 968
Mosaicism, 46,XY/45,X, report of two cases of: gonadoblastoma with gonadal dysgenesis (Josso et al.), 425
triple (45,X/46,XXr/46,XX), in phenotypic female (Neu et al.) (BCLO), 796

Morquio-Brailsford's disease, spinal cord compression in (Blaw and Langer), 593

Mumps and measles vaccine, live, reactions in prior recipients of inactivated measles vaccine: vaccine-induced hypersensitivity (Harris, Isacson, and Karzon), 552

thyroiditis and hypothyroidism (Hung) (BCLO), 611

virus, isolation (Shope and Hierholzer) (Letter), 841

Muscle potassium and total body potassium, relationship between, in infants with malnutrition (Nichols et al.), 49

Musculorum deformans, dystonia: natural history and neurosurgical alleviation (Cooper), 585

Myocardial damage due to imipramine intoxication (Sueblinvong and Wilson), 475

infarction and generalized arterial fibromuscular dysplasia in familial supravalvular aortic stenosis syndrome (Schmidt et al.), 576

Myocarditis, rheumatic, in infant nine months of age (Powell and Miller) (BCLO), 123

Myxovirus vaccines, atypical illness, and delayed hypersensitivity (Eller) (Editor's column), 664

N

N-acetylcysteine–cysteine disulfide excretion in urine following N-acetylcysteine administration (Shih and Schulman), 129

Necrosis, renal papillary and cortical, in newborn infant: report of survivor with roentgenologic documentation (Mauer and Nogrady), 750

Negro(es), American, incidence of Down's syndrome in (Kashgarian and Rendtorff) (BCLO), 468

rarity of coarctation of aorta in (Hernandez, Miller, and Schiebler) (BCLO), 623

child, Smith-Lemli-Opitz syndrome in (Hanissian and Summitt) (BCLO), 303

Nephritis, persistent, hypocomplementemic, "silent" phase of, detectable by reduced serum $\beta_{1C}$-globulin levels (Northway et al.), 28

Neurological study of newborn infants (Rabe) (B. rev.), 659

Nitrate, silver, therapy of burn, methemoglobinemia with, report of case (Cushing and Smith) (BCLO), 613

Nitrogen, effect of protein intake on retention of: protein requirement of premature infant (Snyderman et al.), 872

Noonan's syndrome and Turner syndrome (Summitt) (Editor's column), 155

Norethandrolone in cystic fibrosis of pancreas (Dooley et al.), 95

O

Oral, cranial, and digital anomalies, new familial syndrome (Juberg and Hayward), 755

Orbital, outer, normal, and inner canthal dimensions (Laestadius, Aase, and Smith) (BCLO), 465

P

Palsy, Bell's, in children (Blattner) (Comments), 835

Pancreas, cystic fibrosis of, norethandrolone in (Dooley et al.), 95

Papillary, renal, and cortical necrosis in newborn infant: report of survivor with roentgenologic documentation (Mauer and Nogrady), 750

Parents of mentally retarded child: emotionally overwhelmed or informationally deprived? (Matheny and Vernick), 953

Peripheral dysostosis: investigation of metabolic and endocrine functions (Garces et al.), 730

Peritoneal dialysis in colistin intoxication: report of case (Swick et al.), 976

Phagocytosis by leukocytes of newborn infants (Pearson) (Editor's column), 329

in newborn infant: humoral and cellular factors (Miller), 255

Phenolsulfonphthalein binding capacity of serum in newborn infants (Maurer, Wolff, and Luke), 231

Phenotype, Turner, familial (Abdel-Salam and Temtamy), 67

Phenotypic female, triple (45,X/46,XXr/46,XX) mosaicism in (Neu et al.) (BCLO), 794

Phenylalanine diet and phenylketonuria (Centerwall and Centerwall) (Letter), 1008

levels, plasma, elevated, effect on other amino acids in phenylketonuric and normal subjects (Efron et al.), 399

Phenylketonuria, maternal (Menkes and Aeberhard), 924

and phenylalanine diet (Centerwall and Centerwall) (Letter), 1008

Phenylketonuric and normal subjects, effect of elevated plasma phenylalanine levels on other amino acids in (Efron et al.), 399

Phosphorylase and amylo-1,6-glucosidase deficiency, leukocyte, heredity of (Esmann, Hobolth, and Jørgensen), 90

Photography, funduscopic, and fluorescein angioretinography in evaluation of children with neurologic handicaps (Baird, Pileggi, and Harley), 937

Phototherapy and hyperbilirubinemia (Behrman), 989

Plasma growth hormone and insulin in children, effect of arginine infusion on (Root et al.), 187

17-ketosteroid levels during adolescence (Rosenfield and Eberlein), 932

lipid changes induced by epinephrine (Ansanelli et al.), 709

phenylalanine levels, elevated, effect on other amino acids in phenylketonuric and normal subjects (Efron et al.), 399

Plate method, radial diffusion, evaluation of: serum immunoglobulin levels in newborn infants (McCracken et al.), 378

Platelet, human, effect of bilirubin on (Suvansri, Cheung, and Sawitsky), 240

Plumbism, serum δ-aminolevulinic acid in (Feldman et al.), 917

Poisoning, chelating agents in treatment of lead intoxication (Freeman) (Letter), 322; (Chisolm) (Reply), 323

in children, diphenoxylate (Ament) (BCLO), 462

esophageal injury by liquid chlorine bleach: experimental study (Weeks and Ravitch), 911

myocardial damage due to imipramine intoxication (Sueblinvong and Wilson), 475

peritoneal dialysis in colistin intoxication: report of case (Swick et al.), 976

salicylate, acute, comparison of ipecac-induced emesis with gastric lavage in treatment (Boxer et al.), 800

serum δ-aminolevulinic acid in plumbism (Feldman et al.), 917

toxicity with diphenylhydantoin (Seeler) (Letter), 485

Polyneuritis, chronic, in childhood (Tasker and Chutorian), 699

Potassium, muscle, and total body potassium, relationship between, in infants with malnutrition (Nichols et al.), 49

Premature infant(s), diet and growth in (Babson and Bramhall), 890

protein requirement of: effect of protein intake on retention of nitrogen (Snyderman et al.), 872

radiologic findings in lungs (Thibeault et al.), 1

Prenatal detection of genetic defects (Nadler), 132

Priapism in child with chronic granulocytic leukemia (Graw, Skeel, and Carbone) (BCLO), 788

Protein and ash content: diet and growth in premature infant (Babson and Bramhall), 890

intake, for low-birth-weight infants (Yow) (Editor's column), 1016

Protein intake—Cont'd

two different levels of, clinical effects on low-birth-weight infants (Goldman et al.), 881

losing enteropathy, angioosteohypertrophy syndrome with (Caplan, Herskovic, and Gryboski) (BCLO), 119

requirement of premature infant: effect of protein intake on retention of nitrogen (Snyderman et al.), 872

Proteinuria, increase due to steroid medication in chronic renal disease (Heymann and Grupe), 356

Pulmonary diffusing capacity in children with cystic fibrosis, effects of gravity and exercise on (Zelkowitz and Giammona), 393

Pulmonic valve stenosis, mild, in children, useful diagnostic sign of: upright T wave in $V_1$ (Celermajer et al.), 413

Purine metabolism, new disorder of, with behavioral manifestations (Nyhan et al.), 20

Pyloric stenosis, question of seasonal variation (Campbell) (Letter), 1006; (Kwok and Avery) (Reply), 1007

Pyogenic hepatic abscesses in infancy and childhood (Dehner and Kissane), 763

R

Radial diffusion plate method, evaluation of: serum immunoglobulin levels in newborn infants (McCracken et al.), 378

Radiation, ionizing, late somatic effects (Miller) (B. rev.), 1002

Radioimmunoassay in normal children, serum luteinizing hormone by (Johanson et al.), 416

Radiologic findings in lungs of premature infants (Thibeault et al.), 1

Radioulnar synostosis, behavioral disturbance, and XYY chromosomes (Cleveland, Arias, and Smith), 103

Renal disease, chronic, increase in proteinuria due to steroid medication in (Heymann and Grupe), 356

papillary and cortical necrosis in newborn infant: report of survivor with roentgenologic documentation (Mauer and Nogrady), 750

Renin response, abnormal, to salt load, in case of Bartter's syndrome with (Imai et al.), 738

Respiratory distress syndrome, patent ductus arteriosus complicating prolonged assisted ventilation in (Siassi et al.), 11

value of digitalis in: controlled study (Braudo and Keith), 310

Rest and low-fat diets in management of acute infectious hepatitis, evaluation (Silverberg et al.), 260

Rhabdomyosarcoma, childhood, response to combination chemotherapy (Pratt) (BCLO), 791

Rheumatic myocarditis in infant nine months of age (Powell and Miller) (BCLO), 123

Rickets, vitamin D deficiency, additional evidence on frequency (Ghosh) (Letter), 485

Rubella bone lesions (Reed), 208
congenital, survey of cord and follow-up sera from 123 infants with: serum immunoglobulin levels in newborn infants (McCracken et al.), 383
maternal and congenital, before 1964: frequency, clinical features, and search for isoimmune phenomena (White, Sever, and Alepa), 198

S

Salicylate ingestion, acute, comparison of ipecac-induced emesis with gastric lavage in treatment (Boxer et al.), 800

Salt load, case of Bartter's syndrome with abnormal renin response to (Imai et al.), 738

Seasonal variation of pyloric stenosis, question of (Campbell) (Letter), 1006; (Kwok and Avery) (Reply), 1007

Secotrant—a possible new age category in early childhood? (Jelliffe), 808

Sensory isolation therapy of autistic children: preliminary report (Schechter et al.), 564

Septal defect, ventricular, due to nonpenetrating trauma, early repair (Scheinman et al.), 406

Serum albumin with bilirubin, determination of saturation of: studies in kernicterus (Odell, Cohen, and Kelly), 214
$\beta_{1C}$-globulin levels, reduced, "silent" phase of hypocomplementemic persistent nephritis detectable by (Northway et al.), 28
δ-aminolevulinic acid in plumbism (Feldman et al.), 917
immunoglobulin levels in newborn infants: evaluation of radial diffusion plate method (McCracken et al.), 378
survey of cord and follow-up sera from 123 infants with congenital rubella (McCracken et al.), 383
luteinizing hormone by radioimmunoassay in normal children (Johanson et al.), 416
phenolsulfonphthalein binding capacity of, in newborn infants (Maurer, Wolff, and Luke), 231
umbilical cord, of normal newborn infants, quantitation of IgA and IgM in (Brasher and Hartley) (BCLO), 784

Shigella keratitis: case report (Ryan and Riley) (BCLO), 294

Shigellosis, optimal dosage of ampicillin for (Haltalin et al.), 626

Sickle cell disease, hemolytic crisis: role of glucose-6-phosphate dehydrogenase deficiency (Smits, Oski, and Brody), 544

"Silent" phase of hypocomplementemic persistent nephritis detectable by reduced serum $\beta_{1C}$-globulin levels (Northway et al.), 28

Silver nitrate therapy of burn, methemoglobinemia with: report of case (Cushing and Smith) (BCLO), 613

Sinus(es), frontal, absent, glaucoma, and hereditary microcornea: family study (Holmes and Walton) (BCLO), 968
longitudinal, superior, thrombosis of: preliminary report (Yang, Sohn, and Anand), 570

Smith-Lemli-Opitz syndrome in Negro child (Hanissian and Summitt) (BCLO), 303

Spinal cord compression in Morquio-Brailsford's disease (Blaw and Langer), 593

Splenic hemangioma (Propp and Scharfman) (B. rev.), 660; (Stiehm) (Reply), 660

Spondylitis, ankylosing, with childhood onset (Schaller, Bitnum, and Wedgwood), 505

Stenosis, pulmonic valve, mild, in children, useful diagnostic sign of: upright T wave in $V_3$ (Celermajer et al.), 413
pyloric, question of seasonal variation (Campbell) (Letter), 1006; (Kwok and Avery) (Reply), 1007
syndrome, aortic, supravalvular, familial, generalized arterial fibromuscular dysplasia and myocardial infarction in (Schmidt et al.), 576

Steroid(s), anabolic, in cystic fibrosis (Sobel) (Editor's column), 157
medication in chronic renal disease, increase in proteinuria due to (Heymann and Grupe), 356

Supravalvular aortic stenosis syndrome, familial, generalized arterial fibromuscular dysplasia and myocardial infarction in (Schmidt et al.), 576

Syndrome(s), angioosteohypertrophy, with protein-losing enteropathy (Caplan, Herskovic, and Gryboski) (BCLO), 119
Bartter's, case of, with abnormal renin response to salt load (Imai et al.), 738
battered child (Bakwin) (B. rev.), 658
Donohue's, leprechaunism: case report (Summitt and Favara), 601
Down's, incidence in American Negroes (Kashgarian and Rendtorff) (BCLO), 468
endocrine gland, outline (Carpenter) (B. rev.), 1003
familial supravalvular aortic stenosis, generalized arterial fibromuscular dysplasia and myocardial infarction in (Schmidt et al.), 576
Marfan's, or variant? (Ghosh) (Letter), 840; (Epstein) (Reply), 840
of multiple pregnancy with dead twin fetus: intrauterine disseminated intravascular coagulation (Moore, McAdams, and Sutherland), 523

Syndrome(s)—Cont'd
new: congenital anemia and triphalangeal thumbs (Aase and Smith) (BCLO), 471
or arthrogryposis? (Srivastava) (Letter), 840; (Aase and Smith) (Reply), 841
Noonan's, and Turner syndrome (Summitt) (Editor's column), 155
respiratory distress, patent ductus arteriosus complicating prolonged assisted ventilation in (Siassi et al.), 11
value of digitalis in: controlled study (Braudo and Keith), 310
Smith-Lemli-Opitz, in Negro child (Hanissian and Summitt) (BCLO), 303
Turner, and Noonan's syndrome (Summitt) (Editor's column), 155
Synostosis, radioulnar, behavioral disturbance, and XYY chromosomes (Cleveland, Arias, and Smith), 103
Syphilis, congenital: observations on laboratory diagnosis of intrauterine infection (Ackerman) (BCLO), 459

T

T wave, upright, in $V_1$: useful diagnostic sign of mild pulmonic valve stenosis in children (Celermajer et al.), 413
Thiamine-responsive megaloblastic anemia (Rogers, Porter, and Sidbury), 494
Thrombosis of superior longitudinal sinus during infancy (Yang, Sohn, and Anand), 570
Thumbs, triphalangeal, and congenital anemia: new syndrome (Aase and Smith) (BCLO), 471
Thyroiditis, mumps, and hypothyroidism (Hung) (BCLO), 611
Transfusions, exchange, morbidity and mortality related to (Panagopoulos, Valaes, and Doxiadis), 247
Translocation, familial 21/21 (Lawton, Stoddard, and Seely) (BCLO), 305
Tricuspid atresia with transposition of great vessels (Folger, Witham, and Ellison), 946
Triphalangeal thumbs and congenital anemia: new syndrome (Aase and Smith) (BCLO), 471
Trisomy D in cyclops (Arakaki and Waxman) (BCLO), 620
Tropical medicine and child health—news from Teheran: Editorial comment (Jelliffe), 638
Tumor, Wilms', clinical staging (Fleming and Pinkel) (Letter), 324
Turner phenotype, familial (Abdel-Salam and Temtamy), 67
Turner—Cont'd
syndrome and Noonan's syndrome (Summitt) (Editor's column), 155

U

Umbilical cord serum of normal newborn infants, quantitation of IgA and IgM in (Brasher and Hartley) (BCLO), 784
Unsaturated fatty acids, defective metabolism of: acrodermatitis enteropathica (Cash and Berger), 717
Urinary tract infection, upper and lower, in children, bacteriologic differentiation between (Whitaker and Hewstone), 364
Urine bacteriology, ureteric, and homologous antibody titer, correlation in children with urinary infection (Hewstone and Whitaker), 540
N-acetylcysteine–cysteine disulfide excretion in, following N-acetylcysteine administration (Shih and Schulman), 129

V

$V_1$, upright T wave in: useful diagnostic sign of mild pulmonic valve stenosis in children (Celermajer et al.), 413
Vaccine(s) induced hypersensitivity: reactions to live measles and mumps vaccine in prior recipients of inactivated measles vaccine (Harris, Isacson, and Karzon), 552
myxovirus, inactivated, atypical illness, and delayed hypersensitivity (Eller) (Editor's column), 664
virus, measles, live, effect on childhood nephrosis (Yuceoglu, Berkovich, and Chiu) (BCLO), 291
Valve stenosis, pulmonic, mild, in children, useful diagnostic sign of: upright T wave in $V_1$ (Celermajer et al.), 413
Varicella, fatal, and cyclophosphamide (Scheinman and Stamler) (BCLO), 117
Ventilation, assisted, prolonged, in respiratory distress syndrome, patent ductus arteriosus complicating (Siassi et al.), 11
Ventricular septal defect due to nonpenetrating trauma, early repair (Scheinman et al.), 406
Vincristine, response of childhood rhabdomyosarcoma to combination chemotherapy (Pratt) (BCLO), 791
Virus, mumps, isolation (Shope and Hierholzer) (Letter), 841
vaccine, measles, live, effect on childhood nephrosis (Yuceoglu, Berkovich, and Chiu) (BCLO), 291
Visual loss and prolonged coma: unusual reaction to chlorothiazide (Srivastava et al. ), 126

Vitamin D deficiency rickets, additional evidence on frequency (Ghosh) (Letter), 485
Vulvovaginitis in premenarcheal child (Heller, Joseph, and Davis), 370

W

Wave, T, upright, in $V_1$: useful diagnostic sign of mild pulmonic valve stenosis in children (Celermajer et al.), 413
Wilms' tumor, clinical staging (Fleming and Pinkel) (Letter), 324
Wolff-Parkinson-White anomaly in childhood, transient nature (Friedman, Wells, and Amiri) (BCLO), 296

X

XYY chromosomes, radioulnar synostosis, and behavioral disturbance (Cleveland, Arias, and Smith), 103

# *Subject index**

A

ABO blood groups and birth weight (Kothari et al.) (BCLO), 480

Acid-base status of infants with congenital heart disease, effect of cardiac catheterization on (Srouji and Rashkind), 943

Aciduria, orotic, hereditary: long-term therapy with uridine and a trial of uracil (Becroft, Phillips, and Simmonds), 885

Adrenal hyperplasia, congenital, salt-losing, in Alaskan Eskimo, unusually high incidence of (Hirschfeld and Fleshman), 492

Adrenergic blockade, beta, and juvenile diabetes: acute studies and long-term therapeutic trial (Baker et al.), 19

Adrenogenital syndrome, prenatal diagnosis by amniocentesis (Merkatz et al.), 977

Agammaglobulinemia, lymphopenic, hereditary, associated with a distinctive form of short-limbed dwarfism and ectodermal dysplasia (Gatti et al.), 675

Alymphoplasia, thymic, and dysgammaglobulinemia type I (Greenberg, Ray, and Tsai), 95

with XX/XY lymphoid chimerism secondary to probable maternal-fetal transfusion (Githens et al.), 87

Amaurotic idiocy, juvenile, cytoplasmic inclusions in (Gonatas et al.), 796

late infantile, with multilamellar cytosomes: electron microscopic study (Elfenbein and Cantor), 253

Aminoaciduria and keratosis follicularis, oculocerebral syndrome with (Adler and Nyhan), 436

Amish, craniosynostosis in (Cross and Opitz), 1037

Amniocentesis, prenatal diagnosis of adrenogenital syndrome by (Merkatz et al.), 977

Amniotic fluid, diagnostic use (Horger and Hutchinson), 503

Amphotericin B and a review of the literature: blastomycosis in childhood (Turner and Wadlington), 708

therapy in children (Cherry et al.), 1063

Amyloidosis and juvenile rheumatoid arthritis (Calabro) (Letter), 521; (Strauss) (Reply), 521

Anaphylactoid purpura: streptococcal antibody titers and $\beta_{1C}$-globulin levels (Ayoub and Hoyer), 193

Anemia, hypoplastic, congenital, and histidenemia, simultaneous occurrence of (Gilman and Howell) (BCLO), 878

Anesthesia, pentobarbital, effect on resuscitation and brain damage in fetal rhesus monkeys asphyxiated on delivery (Cockburn et al.), 281

Aneurysmal formation of the membranous septum, spontaneous closure of ventricular septal defects by (Varghese and Rowe) (BCLO), 700

Ankylosing spondylitis (Calabro, Katz, and Maltz) (Letter), 912

Anomalies, minor, other, and cone-shaped epiphyses in hands of normal British children (de Iturriza and Tanner), 265

Anthropometry, field, independent of precise age (Jelliffe), 334

Antibody(ies) (*See* December Supplement), 1111-1294

specific IgM, immune response by the neonate and diagnosis by demonstration of: congenital rubella (Vesikari et al.), 658

and immunoglobulin synthesis during the first weeks of life of premature infants (Rothberg), 391

titers and $\beta_{1C}$-globulin levels: anaphylactoid purpura (Ayoub and Hoyer), 193

declining, in children with congenital rubella (Hardy, Sever, and Gilkeson), 213

Antimicrobial therapy in theory and practice: clinical approach to antimicrobial therapy (McCracken, Eichenwald, and Nelson), 932

clinical pharmacology (McCracken, Eichenwald, and Nelson), 742

treatment of pertussis (Bass et al.), 768

Aorta, coarctation of, intravascular hemolysis associated with (Ravenel, Johnson, and Sigler), 67

with obstructive anomalies of the mitral valve and left ventricle (Khoury, Hawes, and Grow), 652

Arthritis, rheumatoid, juvenile, and amyloidosis (Calabro) (Letter), 521; (Strauss) (Reply), 521

septic, due to Moraxella osloensis (Feigin, San Joaquin, and Middelkamp) (BCLO), 116

*July, pp. 1-166; August, pp. 167-348; September, pp. 349-578; October, pp. 579-738; November, pp. 739-918; December, part 1, pp. 919-1110, part 2, pp. 1111-1294.

Artery stenoses, pulmonary, multiple, and tortuous systemic arteries, Ehlers-Danlos syndrome associated with (Lees et al.), 1031
umbilical, single, and congenital rubella (Moore) (Letter), 157
Arginine infusion and diethylstilbestrol, comparison as a means of provoking growth hormone secretion (Bacon, Lowrey, and Knoller), 385
Asphyxiated on delivery, fetal rhesus monkeys, effect of pentobarbital anesthesia on resuscitation and brain damage in (Cockburn et al.), 281
neonate, resuscitator in treatment of (Rosenfeld) (Letter), 1082
newborn infants, lung expansion and ventilation during resuscitation of (Hull), 47
Atresia, tricuspid, spontaneous closure of ventricular septal defect in (Meng), 697
Atrial flutter in infancy (Moller, Davachi, and Anderson), 643

B

Bacteremia, Shigella boydii (Barret-Connor and Connor) (BCLO), 298
Bactericidal activity and metabolism of leukocytes in full-term neonates (Coen, Grush, and Kauder), 400
mechanism, intraleukocyte (Quie) (Editor's column), 532
Bilderback, Joseph B. A century of pediatrics, 739
Blastomycosis in childhood: treatment with amphotericin B and review of the literature (Turner and Wadlington), 708
Blockade, beta adrenergic, and juvenile diabetes: acute studies and long-term therapeutic trial (Baker et al. ), 19
Blood groups, ABO, and birth weight (Kothari et al.) (BCLO), 480
Book reviews
The cardiac surgical patient. Pathophysiologic considerations and nursing care (Harris), 909
Craniofacial anomalies, pathogenesis and repair (Smith), 341
Fetal malformations caused by amnion rupture during gestation (Smith), 340
Genetics in medical practice (Wright), 155
The genetics of dermal ridges (Wright), 155
Heredity and disease (Wright), 156
Renal disease in childhood (Gruskin), 520
Textbook of pediatrics, ed. 9 (Nelson), 909
Where's Hannah? A handbook for parents and teachers of children with learning disorders (Steisel), 341
Brain damage and resuscitation in fetal rhesus monkeys asphyxiated on delivery, effect of pentobarbital anesthesia on (Cockburn et al.), 281
development and malnutrition in infancy (Granoff and Howard) (Letter), 732

C

Caloric requirements of mentally retarded children with and without motor dysfunction (Culley and Middleton), 380
Cancer, childhood, fifty-two forms of: United States mortality experience, 1960-1966 (Miller), 685
procarbazine hydrochloride in (Billmeier and Holton), 892
Candidacidal capacity, defective, of polymorphonuclear leukocytes in chronic granulomatous disease of childhood (Oh et al.) (BCLO), 300
Cardiac catheterization, effect of on acid-base status of infants with congenital heart disease (Srouji and Rashkind), 943
Cardiofacial syndrome (Kajii, Mizutani, and Matsumoto) (Letter), 158
Cataracts in girl with features of the Smith-Lemli-Optiz syndrome (Finley, Finley, and Monsky) (BCLO), 706
Catheterization, cardiac, effect of on acid-base status of infants with congenital heart disease (Srouji and Rashkin), 943
Cell disease, sickle (Rako) (Letter), 158; (Barnett and Bernstein) (Reply), 159
Cendehill strain of rubella vaccine: clinical evaluation (Farquhar, Plotkin, and Schoengold), 412
Central nervous system, congenital malformation of, associated with genital type (type 2) herpesvirus (South et al.), 13
disease, subclinical, of neonates: prospective study of infants born with increased levels of IgM (Alford et al.), 1167
Cerebellar encephalopathy, acute, and neuroblastoma, coincidence of (Bray et al.), 983
Cerebral thrombosis in patient with homocystinuri (Hopkins, Townley, and Shipman) (Letter), 1082
Chlorpromazine or phenobarbital, course of heroin withdrawal syndrome in infants treated with (Kahn, Neumann, and Polk), 495
Coarctation of aorta, intravascular hemolysis associated with (Ravenel, Johnson, and Sigler), 67
with obstructive anomalies of the mitral valve and left ventricle (Khoury, Hawes, and Grow), 652
Cockayne's syndrome: report of case with hyperlipoproteinemia, hyperinsulinemia, renal disease, and normal growth hormone (Fujimoto, Greene, and Seegmiller) (BCLO), 881
Coma, hepatic, exchange transfusion in treatment of (Marks, Mauer, and Goldman), 418
Coxsackie B-5 virus perinatal infection, silent, detection of (Hall and Miller) (BC LO), 124
Craniosynostosis in the Amish (Cross and Opitz), 1037
Cultures, throat, processing of in physician's office (Huchton) (Letter), 911

Culturing beta hemolytic streptococci in pediatric practice—observation after twenty years (Breese) (Editor's column), 164
Cushing's syndrome in infancy (Loridan and Senior), 349
Cyst, gastric, of mediastinum (Chitale), 104
Cystic fibrosis of pancreas, observations on: developmental changes in the male genital system (Oppenheimer and Esterly), 806
(Reddy et al.) (Letter), 522
Cytomegalovirus infection(s), congenital: laboratory methods of detection (Hanshaw), 1179
in newborn infants (Birnbaum et al.), 789
Cytoplasmic inclusions in juvenile amaurotic idiocy (Gonatas et al.), 796

D

Dawson's encephalitis, clinical spectrum and early diagnosis of (Freeman), 590
Deferoxamine and exchange transfusion, comparison of, in treatment of acute iron poisoning (Movassaghi, Purugganan, and Leikin), 604
Dehydration, repair of, and maintenance requirements; unified guide to parenteral fluid therapy (Weil), 1
de Lange syndrome, variability of: report of 3 cases and genetic analysis of 54 families (Pashayan et al.), 853
Dermal ointment containing estrogens, pseudoprecocious puberty in infants caused by (Beas et al.) (BCLO), 127
Dermatoglyphics, genesis of (Mulvihill and Smith), 579
Diabetes, juvenile, and beta adrenergic blockade: acute studies and long-term therapeutic trial (Baker et al.), 19
Diethylstilbestrol and arginine infusion, comparison as a means of provoking growth hormone secretion (Bacon, Lowrey, and Knoller), 385
Diphtheritic myocarditis, electrocardiographic abnormalities and serum transaminase levels in (Tahernia), 1008
Disease, central nervous system, subclinical, of neonates: prospective study of infants born with increased levels of IgM (Alford et al.), 1167
granulomatous, chronic, of childhood, defective candidacidal capacity of polymorphonuclear leukocytes in (Oh et al.) (BCLO), 300
variant of—Job's syndrome (Bannatyne, Skowron, and Weber), 236
heart, congenital, effect of cardiac catheterization on acid-base status of infants with (Srouji and Rashkind), 943
prevalence in United States college freshmen, 1956-1965 (Perry, Henikoff, and Findlan) (BCLO), 876
liver, diagnostic value of gamma glutamyl transpeptidase in children and adolescents with (Cohen and McNamara), 838
Disease—Cont'd
maple syrup urine, treatment of (Goodman et al.) (BCLO), 485
possible presence in siblings: active chronic hepatitis in infancy (Benjamins and Sunshine) (BCLO), 294
pulmonary, severe idiopathic pulmonary hemosiderosis in absence of clinical or radiologic evidence of (Gilman and Zinkham) (BCLO), 118
renal, chronic, increased proteinuria due to steroid therapy in (Wolfish) (Letter), 524; (Grupe and Heymann) (Reply), 524
sickle cell (Rako) (Letter), 158; (Barnett and Bernstein) (Reply), 159
type I glycogen storage, intestinal absorption in (Fine, Kogut, and Donnell), 632
Down's syndrome, depressed immunoglobulin G in infant with (Miller et al.), 996
Ductal closure, suspected, in utero, congestive heart failure from (Arcilla, Thilenius, and Ranniger), 74
Dwarfism, short-limbed, and ectodermal dysplasia, distinctive form of, hereditary agammaglobulinemia associated with (Gatti et al.), 675
Dysgammaglobulinema type I and thymic alymphoplasia (Greenberg, Ray, and Tsai), 95
Dysplasia, ectodermal, and short-limbed dwarfism, distinctive form of, hereditary agammaglobulinemia associated with (Gatti et al.), 675
thymic (Leikin, Purugganan, and Chandra), 229

E

Ectodermal dysplasia and short-limbed dwarfism, distinctive form of, hereditary agammaglobulinemia associated with (Gatti et al.), 675
Edmonston live measles vaccine, eight-year serologic evaluation (Lepow and Nankervis), 407
Ehlers-Danlos syndrome associated with multiple pulmonary artery stenoses and tortuous systemic arteries (Lees et al.), 1031
Electrocardiographic abnormalities and serum transaminase levels in diphtheritic myocarditis (Tahernia), 1008
Embryopathy, rubella, pulmonary complications (Phelan and Campbell), 202
Encephalitis, Dawson's, clinical spectrum and early diagnosis of (Freeman), 590
Encephalopathy, cerebellar, acute, and neuroblastoma, coincidence of (Merkatz et al.), 983
hepatic, use of plasmapheresis during exchange transfusion for (Cohen, Schonberg, and Witover), 431

Energy metabolism in infants with growth failure due to maternal deprivation, undernutrition, or causes unknown: relationship between nitrogen balance, weight gain, and postprandial excess heat production (Krieger and Whitten), 374
Environmental deprivation: its effect on growth of infant monkeys (Kerr, Chamove, and Harlow), 833
Enzyme defect in histidinemia, simple indirect method of detecting (Levy, Baden, and Shih) (BCLO), 1056
Epiphyses, cone-shaped, and other minor anomalies in hands of normal British children (de Iturriza and Tanner), 265
Eskimo, Alaskan, unusually high incidence of salt-losing congenital adrenal hyperplasia in (Hirshfeld and Fleshman) (BCLO), 492
Estrogens, dermal ointment containing, pseudoprococious puberty in infants caused by (Beas et al.) (BCLO), 127
Exchange transfusion and deferoxamine, comparison of, in treatment of acute iron poisoning (Movassaghi, Purugganan, and Leikin), 604
for hepatic encephalopathy, use of plasmapheresis during (Cohen, Schonberg, and Witover), 431
in treatment of hepatic coma (Marks, Mauer, and Goldman), 418
Exocrine pancreas, proteolytic and lipolytic deficiency (Townes), 221
Extrapyramidal dysfunction, phenothiazine-induced, in the neonate (Tamer et al.) (BCLO), 479

F

Falsely positive reaction, importance of (Walker, Agarwal, and Singh) (Letter), 344
Familial disorder, new: fatal neonatal hepatic steatosis (Satran et al.), 39
Farmer's lung in 10-year-old girl (Heersma et al.) (BCLO), 704
Feeding, emergency, of young children (Jelliffe), 153
night, termination of in infancy (Beal) (BCLO), 60, 690
Fetal lead exposure and untaxed whiskey (Palmisano, Sneed, and Cassady) (BCLO), 869
maternal-, transfusion, probable, thymic alymphoplasia with XX/XY lymphoid chimerism secondary to (Githens et al.), 87
rhesus monkeys asphyxiated on delivery, effect of pentobarbital anesthesia on resuscitation and brain damage in (Cockburn et al.), 281
Fetus, term, expanded lung of (Adams et al.), 59
Fibrosis, cystic, of pancreas, observations on: developmental changes in the male genital system (Oppenheimer and Esterly), 806
(Reddy et al.) (Letter), 522
Fluid therapy, parenteral, unified guide to; maintenance requirements and repair of dehydration (Weil), 1
Fluorescein-conjugated antihuman IgM sera, some results on an immunochemical analysis of (Peetoom and Mulder), 1125
Fluorescent antibody technique, IgM, in the diagnosis of congenital toxoplasmosis, present status of (Remington), 1116
test for neonatal congenital syphilis: a progress report (Scotti, Logan, and Caldwell), 1129
Fluoxymesterone, growth in patients with gonadal dysgenesis receiving (Johanson, Brasel, and Blizzard), 1015
Flutter, atrial, in infancy (Moller, Davachi, and Anderson), 643
Fontanelle, the third (Chemke and Robinson), 617
Fucosidosis (Durand, Borrone, and Della Cella), 665
Funduscopic examination, early recognition of tuberous sclerosis by (Grover and Harley), 991

G

Galactose in urine of newborn infants (Dahlqvist and Svenningsen), 454
Gamma glutamyl transpeptidase, diagnostic value in children and adolescents with liver disease (Cohen and McNamara), 838
Gangliosidosis, generalized (O'Brien), 167
Gastric cyst of mediastinum (Chitale), 104
Genetic analysis of 54 families and report of 3 cases: variability of the de Lange syndrome (Pashayan et al.), 853
Genital system, male, developmental changes in: observations on cystic fibrosis of pancreas (Oppenheimer and Esterly), 806
type (type 2) herpesvirus, congenital malformation of central nervous system associated with (South et al.), 13
Globulin, $\beta_{1C}$, levels and streptococcal antibody titers: anaphylactoid purpura (Ayoub and Hoyer), 193
deficiency, thyroxine binding (Nikolai) (BCLO), 130
Glomerulonephritis, acute, second attacks of (Roy, Wall, and Etteldorf), 758
Glucocorticoid-induced growth retardation, studies of the secretion and metabolic effects of human growth hormone in children with (Root, Bongiovanni, and Eberlein), 826
Glucose determination, routine, value in spinal fluid without pleocytosis (Feinbloom and Alpert) (BCLO), 121
Glycogen storage disease, type I, intestinal absorption in (Fine, Kogut, and Donnell), 632

Gonadal dysgenesis, growth in patients with, receiving fluoxymesterone (Johanson, Brasel, and Blizzard), 1015
Granulomatous disease of childhood, defective candidacidal capacity of polymorphonuclear leukocytes in (Oh et al.) (BCLO), 300
chronic, variant of—Job's syndrome (Bannatyne, Skowron, and Weber), 236
Growth effects of long-term antileukemic therapy (Sunderman and Pearson) (BCLO), 1058
failure due to maternal deprivation, undernutrition, or causes unknown, energy metabolism in infants with: relationship between nitrogen balance, weight gain, and postprandial excess heat production (Krieger and Whitten), 374
hormone, human, in children with glucocorticoid-induced growth retardation, studies of secretion and metabolic effects of (Root, Bongiovanni, and Eberlein), 826
plasma, changes in after phenylalanine tolerance test in normal and phenylketonuric children (Castells, Grunt, and Brandt), 820
renal disease, hyperlipoproteinemia, and hyperinsulinemia, report of a case with: Cockayne's syndrome (Fujimoto, Greene, and Seegmiller) (BCLO), 881
secretion, comparison of arginine infusion amd diethylstilbestrol as a means of provoking (Bacon, Lowrey, and Knoller), 385
in idiopathic precocious puberty: effect of medroxyprogesterone (Kaplan, Frasier, and Costin), 133
in patients with gonadal dysgenesis receiving fluoxymesterone (Johanson, Brasel, and Blizzard), 1015

H

Hands of normal British children, cone-shaped epiphyses and other minor anomalies in (de Iturriza and Tanner), 265
Head circumference, occipitofrontal—an accurate measure of intracranial volume (Bray et al.) (BCLO), 303
Heart disease, congenital, effect of cardiac catheterization on acid-base status of infants with (Srouji and Rashkind), 943
congenital, prevalence in United States college freshmen, 1956-1965 (Perry, Henikoff, and Findlan) (BCLO), 876
failure, congestive, from suspected ductal closure in utero (Arcilla, Thilenius, and Ranniger), 74
in newborn infant (Lees), 139
Hematuria, severe hypertension in Schönlein-Henoch purpura without (DuBois) (Letter), 731
Hemolysis, intravascular, associated with coarctation of aorta (Ravenel, Johnson, and Sigler), 67
Hemolytic, beta, streptococci, culturing in pediatric practice—observation after twenty years (Breese) (Editor's column), 164
-uremic syndrome in nonrelated adopted siblings (Chan, Eleff, and Campbell) (BCLO), 1050
Hemophilus influenzae, meningitis due to: long-term sequelae (Sproles et al.), 782
Hemosiderosis, pulmonary, idiopathic, severe, in absence of clinical or radiologic evidence of pulmonary disease (Gilman and Zinkham) (BCLO), 118
Heparin therapy in fulminant meningococcemia (Najjar and Ahmad), 449
Hepatic coma, exchange transfusion in treatment of (Marks, Mauer, and Goldman), 418
encephalopathy, use of plasmapheresis during exchange transfusion for (Cohen, Schonberg, and Witover), 431
steatosis, neonatal, fatal: new familial disorder (Satran et al.), 39
Hepatitis in infancy, active, chronic: possible presence of disease in siblings (Benjamins and Sunshine) (BCLO), 294
Hereditary multicentric osteolysis with recessive transmission: new syndrome (Torg et al.), 243
Heroin withdrawal syndrome, course in newborn infants treated with phenobarbital or chlorpromazine (Kahn, Neumann, and Polk), 495
Herpesvirus, genital type (type 2), congenital malformation of central nervous system associated with (South et al.), 13
hominis types 1 and 2, newborn infection with (Nahmias et al.), 1194
Histidenemia and congenital hypoplastic anemia, simultaneous occurrence of (Gilman and Howell) (BCLO), 878
simple indirect method of detecting enzyme defect in (Levy, Baden, and Shih) (BCLO), 1056
Homocystinuria, cerebral thrombosis in patient with (Hopkins, Townley, and Shipman (Letter), 1082
successful treatment with pyridoxine (Barber and Spaeth), 463
Hormone, growth, human, in children with glucocorticoid-induced growth retardation, studies of secretion and metabolic effects of (Root, Bongiovanni, and Eberlein), 826
plasma, changes in after phenylalanine tolerance test in normal and phenylketonuric children (Castells, Grunt, and Brandt), 820
renal disease, hyperinsulinemia, and hyperlipoproteinemia, report of a case with: Cockayne's syndrome (Fujimoto, Greene, and Seegmiller) (BCLO), 881

Hormone, growth—Cont'd
secretion, comparison of arginine infusion and diethylstilbestrol as means of provoking (Bacon, Lowrey, and Knoller), 385
in idiopathic precocious puberty: effect of medroxyprogesterone (Kaplan, Frasier, and Costin), 133
Hyperbilirubinemia among low-birth-weight infants: protein binding capacity (Porto, Pildes, and Goodman) (BCLO), 1048
neonatal, among low-birth-weight infants, studies on the effect of phototherapy on: skin color (Porto, Pildes, and Goodman) (BCLO), 1045
phototherapy for, summary of a symposium on (Behrman and Hsia), 718
Hyperglycinemia, nonketotic (Baumgartner, Ando, and Nyhan), 1022
Hyperplasia, salt-losing congenital adrenal, in Alaskan Eskimo, unusually high incidence (Hirschfeld and Fleshman) (BCLO), 492
Hypertension, severe, in Schönlein-Henoch purpura without hematuria (DuBois) (Letter), 731
Hyperuricemia, congenital, method for prenatal diagnosis (Berman, Balis, and Dancis) (BCLO), 488

I

Idiocy, amaurotic, juvenile, cytoplasmic inclusions in (Gonatas et al.), 796
late, infantile amaurotic, with multilamellar cytosomes: an electron microscopic study (Elfenbein and Cantor), 253
Imipramine intoxication, treatment of (Teitelbaum) (Letter), 523
Immune response by the neonate and demonstration of specific IgM antibodies: congenital rubella (Vesikari et al.), 658
Immunization with inactivated poliovirus vaccine and attenuated type 3 poliovirus: parallel vaccinations and cross-wise revaccinations in school children with the Sabin and WM3 attenuated strains (Böttiger), 273
vaccination with WM3 strain in 20 families (Böttiger and Lagercrantz), 30
Immunoglobulin determinations, serum, levels, concentrations, cord, development, deficiencies, responses, etc., (*See* December Supplement), 1111-1294
G, depressed, in newborn infant with Down's syndrome (Miller et al.), 996
and specific antibody synthesis during the first weeks of life of premature infants (Rothberg), 391
Infection(s) (*See* December Supplement), 1111-1294
cytomegalovirus, in newborn infants (Birnbaum et al.), 789
initial urinary tract (Forbes, Drummond, and Nogrady), 187
Infection(s)—Cont'd
silent Coxsackie B-5 virus perinatal, detection of (Hall and Miller) (BCLO), 124
urinary tract, and meatal stenosis, meatotomy in girls with (Forbes, Drummond, and Nogrady), 937
viral, mixed: rubella and varicella in patient with acute leukemia (Finklestein, Wright, and Ward) (BCLO), 306
Intestinal absorption in type I glycogen storage disease (Fine, Kogut, and Donnell), 632
Intranasal route, vaccination by (Plotkin) (Editor's column), 736
Intravascular hemolysis associated with coarctation of aorta (Ravenel, Johnson, and Sigler), 67
I.Q., some pitfalls in interpretation of (Steisel), 969
Iron poisoning, acute, comparison of exchange transfusion and deferoxamine in treatment of (Movassaghi, Purugganan, and Leikin), 604

J

Job's syndrome—variant of chronic granulomatous disease (Bannatyne, Skowron, and Weber), 236

K

Keratosis follicularis and aminoaciduria, oculocerebral syndrome with (Adler and Nyhan), 436
Kidney, the maturing (Edelmann and Spitzer), 509
Kwashiorkor, treatment in Sicily (Priolisi), 1080
Kyphoscoliosis (Miller and Frankel) (Letter), 345

L

Lead exposure, fetal, and untaxed whiskey (Palmisano, Sneed, and Cassady) (BCLO), 869
Leukemia, acute, pericarditis as initial manifestation of: report of a case (Battle, Bongfiglio, and Miller) (BCLO), 692
rubella and varicella in patient with: mixed viral infection (Finklestein, Wright, and Ward) (BCLO), 306
Leukemic, anti-, therapy, long-term growth effects of (Sunderman and Pearson) (BCLO), 1058
Leukocyte, metabolism of, and bactericidal activity in full-term neonates, studies of (Coen, Grush, and Kauder), 400
Lipolytic and proteolytic deficiency of exocrine pancreas (Townes), 221

Liver disease, diagnostic value of gamma glutamyl transpeptidase in children and adolescents with (Cohen and McNamara), 838
Low-birth-weight infants, metabolic requirements of (Krauss and Auld), 952
more on protein requirements of (Goldman) (Letter), 911
protein binding capacity (Porto, Pildes, and Goodman) (BCLO), 1048
skin color (Porto, Pildes, and Goodman) (BCLO), 1045
Lung, expanded, of term fetus (Adams et al.), 59
expansion and ventilation during resuscitation of asphyxiated newborn infants (Hull), 47
farmer's, in 10-year-old girl (Heersma et al.) (BCLO), 704
Lymphoid chimerism, XX/XY, thymic alymphoplasia with, secondary to probable maternal-fetal transfusion (Githens et al.), 87
Lymphopenic agammaglobulinemia, hereditary, associated with a distinctive form of short-limbed dwarfism and ectodermal dysplasia (Gatti et al.), 675

M

Malnutrition in infancy and brain development (Granoff and Howard) (Letter), 732
Mannosidosis: clinical and histopathologic study (Kjellman et al.), 366
isolation of oligosaccharide storage material from brain (Öckerman), 360
Maple syrup urine disease, treatment of (Goodman et al.) (BCLO), 485
Marihuana, approach to study of effects (Budin) (Letter), 342; (Bargman and Gardner) (Letter), 342; (Milman) (Reply), 342
Measles vaccine, live, Edmonston, eight-year serologic evaluation (Lepow and Nankervis), 407
virus, altered reactivity to (Fulginiti and Arthur), 609
Meatotomy in girls with meatal stenosis and urinary tract infections (Forbes, Drummond, and Nogrady), 937
Mediastinum, gastric cyst of (Chitale), 104
Medroxyprogesterone, effect of: growth hormone secretion in idiopathic precocious puberty (Kaplan, Frasier, and Costin), 133
Meningitis due to Hemophilus influenzae: long-term sequelae (Sproles et al.), 782
Meningococcemia, fulminant, heparin therapy in (Najjar and Ahmad), 449
Mentally retarded children with and without motor dysfunction, caloric requirements of (Culley and Middleton), 380
Metabolic requirements of low-birth-weight infants (Krauss and Auld), 952
Milk protein, intolerance to (Freier et al.), 623
Mitral valve and left ventricle, obstructive anomalies of, coarctation of aorta with (Khoury, Hawes, and Grow), 652
Moraxella osloensis, septic arthritis due to (Feigin, San Joaquin, and Middelkamp) (BCLO), 116
Mucopolysaccharidosis and vitamin A: clinical and biochemical evaluation (Madsen and Linker), 843
Myelopathy, transverse, secondary to injection of penicillin (Atkinson) (BCLO), 867

N

Neonatal hepatic steatosis, fatal: new familial disorder (Satran et al.), 39
Nephropathy, salt-losing (Better et al.) (BCLO), 872
Nervous system, central, congenital malformation of, associated with genital type (type 2) herpesvirus (South et al.), 13
Neuroblastoma and acute cerebellar encephalopathy, coincidence of (Bray et al.), 983
Newborn infant(s), asphyxiated, lung expansion and ventilation during resuscitation of (Hull), 47
heart failure in (Lees), 133
toweling (Long) (Letter), 157
Night feeding in infancy, termination of (Beal), (BCLO), 690
Nonketotic hyperglycinemia (Baumgartner, Ando, and Nyhan), 1022
Noonan's syndrome and Turner syndrome (Chaves Carballo) (Letter), 729; (Summitt) (Reply), 730

O

Occipitofrontal head circumference—accurate measure of intracranial volume (Bray et al.) (BCLO), 303
Oculocerebral syndrome with aminoaciduria and keratosis follicularis (Adler and Nyhan), 436
Orotic aciduria, hereditary: long-term therapy with uridine and a trial of uracil (Becroft, Phillips, and Simmonds), 885
Osteolysis, multicentric, hereditary, with recessive transmission: new syndrome (Torg et al.), 243
Otitis media in children (Brownlee et al.), 636

P

Pancreas, cystic fibrosis of (Reddy et al.) (Letter), 522
exocrine, proteolytic and lipolytic deficiency (Townes), 221
observations on cystic fibrosis of: developmental changes in male genital system (Oppenheimer and Esterly), 806
Parenteral fluid therapy, unified guide to; maintenance requirements and repair of dehydration (Weil), 1

Penicillin, oral, recurrence rate of streptococcal pharyngitis related to (Green, Ray, and Charney) (BCLO), 292
transverse myelopathy secondary to injection of (Atkinson) (BCLO), 867
Pentachlorophenol poisoning in nursery for newborn infants. I. Clinical features and treatment (Robson et al.), 309
II. Epidemiologic and toxicologic studies (Armstrong et al.), 317
newly recognized hazard in newborn nursery (Nyhan) (Editor's column), 348
Pentobarbital anesthesia, effect on resuscitation and brain damage in fetal rhesus monkeys asphyxiated on delivery (Cokburn et al.), 281
Pericarditis as the initial manifestation of acute leukemia: report of a case (Battle, Bonfiglio, and Miller) (BCLO), 692
Perinatal (*See* December Supplement), 1111-1294
Pertussis, antimicrobial treatment of (Bass et al.), 768
Pharyngitis, streptococcal, recurrence rate related to oral penicillin (Green, Ray, and Charney) (BCLO), 292
Phenobarbital or chlorpromazine, course of heroin withdrawal syndrome in infants treated with (Kahn, Neumann, and Polk), 495
Phenothiazine-induced extrapyramidal dysfunction in the neonate (Tamer et al.) (BCLO), 479
Phenylalanine tolerance test in normal and phenylketonuric children, changes in plasma growth hormone after (Castells, Grunt, and Brandt), 820
Phenylketonuric and normal children, changes in plasma growth hormone after phenylalanine tolerance test in (Castells, Grunt, and Brandt), 820
Phosphate, neutral, oral, effect of administration in hypophosphatemic rickets (Menking and Sotos), 1001
Phototherapy for hyperbilirubinemia, summary of a symposium on (Behrman and Hsia), 718
on neonatal hyperbilirubinemia among low-birth-weight infants, studies on the effect of: protein binding capacity (Porto, Pildes, and Goodman) (BCLO), 1048
skin color (Porto, Pildes, and Goodman) (BCLO), 1045
Plasmpheresis, use during exchange transfusion for hepatic encephalopathy (Cohen, Schonberg, and Witover), 431
Pleocytosis, value of routine glucose determination in spinal fluid without (Feinbloom and Alpert) (BCLO), 121
Poisoning, imipramine intoxication, treatment of (Teitelbaum) (Letter), 523
iron, acute, comparison of exchange transfusion and deferoxamine in treatment (Movassaghi, Purugganan, and Leikin), 604
Poisoning—Cont'd
lead, fetal, and untaxed whiskey (Palmisano, Sneed, and Cassady) (BCLO), 869
pentachlorophenol, in nursery for newborn infants. I. Clinical features and treatment (Robson et al.), 309
II. Epidemiologic and toxicologic studies (Armstrong et al.), 317
newly recognized hazard in newborn nursery (Nyhan) (Editor's column), 348
therapy of acute salicylate ingestion (Corby and Decker) (Letter), 1083; (Anderson and Rowe) (Reply), 1084
Poliovirus vaccine(s), inactivated, and attenuated type 3 poliovirus, immunization with: parallel vaccinations and crosswise revaccination in school children with Sabin and WM3 attenuated strains (Böttiger), 273
vaccination with WM3 strain in 20 families (Böttiger and Lagercrantz), 30
Polycythemia in small for gestational age infants (Humbert et al.), 812
type 3 (Pagano) (Editor's column), 162
Polymorphonuclear leukocytes, defective candidacidal capacity in chronic granulomatous disease of childhood (Oh et al.) (BCLO), 300
Prenatal development, sonar as method of studying (Donald), 326
Procarbazine hydrochloride in childhood cancer (Billmeier and Holton), 892
Protein, milk, intolerance to (Freier et al.), 623
requirements of low-birth-weight infants (Goldman) (Letter), 912
Proteinuria, increased, due to steroid therapy of chronic renal disease (Wolfish) (Letter), 524; (Grupe and Heymann) (Reply), 524
Proteolytic and lipolytic deficiency of exocrine pancreas (Townes), 221
Pseudoprecocious puberty in infants caused by a dermal ointment containing estrogens (Beas et al.) (BCLO), 127
Puberty, pseudoprecocious, idiopathic, growth hormone secretion in: effect of medroxyprogesterone (Kaplan, Frasier, and Costin), 133
in infants caused by a dermal ointment containing estrogens (Beas et al.) (BCLO), 127
Pulmonary artery banding, spontaneous closure of ventricular septal defect after (Nghiem, Harris, and Tyson) (BCLO), 694
stenoses, multiple, and tortuous systemic arteries, Ehlers-Danlos syndrome associated with (Lees et al.), 1031
complications of rubella embryopathy (Phelan and Campbell), 202
hemosiderosis, idiopathic, severe, in absence of clinical or radiologic evidence of pulmonary disease (Gilman and Zinkham) (BCLO), 118

Purpura, anaphylactoid: streptococcal antibody titers and $\beta_{1C}$-globulin levels (Ayoub and Hoyer), 193
Schönlein-Henoch, severe hypertension in, without hematuria (DuBois) (Letter), 731
Pyelonephritis, xanthogranulomatous (Lackner et al.) (BCLO), 482
Pyridoxine, successful treatment of homocystinuria with (Barber and Spaeth), 463

R

Radial diffusion plate method for determining serum immunoglobulin levels in normal and congenitally infected infants, evaluation of (McCracken et al.), 1204
Rape: a complex management problem in the pediatric emergency room (Lipton and Roth), 859
Respiratory distress, roentgen examination in evaluation of newborn infant with (Capitanio and Kirkpatrick), 896
Resuscitator in treatment of asphyxiated neonate (Rosenfeld) (Letter), 1082
Resuscitation of asphyxiated newborn infants, lung expansion and ventilation during (Hull), 47
and brain damage in fetal rhesus monkeys asphyxiated on delivery, effect of pentobarbital anesthesia on (Cockburn et al.), 281
Renal disease, chronic, increased proteinuria due to steroid therapy in (Wolfish) (Letter), 524; (Grupe and Heymann) (Reply), 524
normal growth hormone, hyperlipoproteinemia, and hyperinsulinemia, report of a case with: Cockayne's syndrome (Fujimoto, Greene, and Seegmiller) (BCLO), 881
Rheumatoid arthritis, juvenile, and amyloidosis (Calabro) (Letter), 521; (Strauss) (Reply), 521
Rickets, hypophosphatemic, effect of administration of oral neutral phosphate in (Menking and Sotos), 1001
Roentgen examination in evaluation of newborn infant with respiratory distress (Capitanio and Kirkpatrick), 896
Rubella, congenital, antibody titers in children with (Hardy, Sever, and Gilkeson), 213
immune response of the neonate and diagnosis by demonstration of specific IgM antibodies (Vesikari et al.), 658
and single umbilical artery (Moore) (Letter), 157
embryopathy, pulmonary complications (Phelan and Campbell), 202
-exposed mothers, immunoglobulins in infants of (Huntley et al.), 1186
Rubella—Cont'd
vaccine, Cendehill strain of: clinical evaluation (Farquhar, Plotkin, and Schoengold), 412
virus vaccine (Cendehill 51 strain), attenuated, live, clinical trial with (Cherry, Bobinski, and Comerci), 79
and varicella in patient with acute leukemia: mixed viral infection (Finklestein, Wright, and Ward) (BCLO), 306

S

Sabin and WM3 attenuated strains, parallel vaccinations and cross-wise revaccination in school children with: immunization with inactivated poliovirus vaccine and attenuated type 3 poliovirus (Böttiger), 273
Salicylate ingestion, therapy of (Corby and Decker) (Letter), 1083; (Anderson and Rowe) (Reply), 1084
Salt-losing congenital adrenal hyperplasia in Alaskan Eskimo, unusually high incidence of (Hirschfeld and Fleshman) (BCLO), 492
nephropathy (Better et al.) (BCLO), 872
Schönlein-Henoch purpura without hematuria, severe hypertension in (DuBois) (Letter), 731
Sclerosis, tuberous, early recognition by funduscopic examination (Grover and Harley), 991
Septic arthritis due to Moraxella osloensis (Feigin, San Joaquin, and Middelkamp) (BCLO), 116
Shigella boydii bacteremia (Barrett-Connor and Connor) (BCLO), 298
Sickle cell disease (Rako) (Letter), 158; (Barnett and Bernstein) (Reply), 159
Skin color: studies on the effect of phototherapy on neonatal hyperbilirubinemia among low-birth-weight infants (Porto, Pildes, and Goodman) (BCLO), 1045
Smith-Lemli-Opitz syndrome, cataracts in girl with features of (Finley, Finley, and Monsky) (BCLO), 706
Sonar as method of studying prenatal development (Donald), 326
Spondylitis, ankylosing (Calabro, Katz, and Maltz) (Letter), 912
Steatosis, hepatic, neonatal, fatal: new familial disorder (Satran et al.), 39
Stenoses, multiple pulmonary artery, and tortuous systemic arteries, Ehlers-Danlos syndrome associated with (Lees et al.), 1031
Steroid therapy in chronic renal disease, increased proteinuria due to (Wolfish) (Letter), 524; (Grupe and Heymann) (Reply), 524
Storage disease, glycogen, type I, intestinal absorption in (Fine, Kogut, and Donnell), 632

Storage—Cont'd
material, oligosaccharide, from brain, isolation of: mannosidosis (Öckerman), 360
Streptococcal, anti-, prophylaxis, long-term study of children on: why patients don't follow medical advice (Gordis, Markowitz, and Lilienfeld), 957
antibody and $\beta_{1C}$-globulin levels: anaphylactoid purpura (Ayoub and Hoyer), 193
pharyngitis, recurrence rate related to oral penicillin (Green, Ray, and Charney) (BCLO), 292
Streptococci, beta hemolytic, culturing in pediatric practice—observation after twenty years (Breese) (Editor's column), 164
Sulfadimethoxine, clinical signs and abnormalities in Gunn rats treated with (Schutta and Johnson), 1070
Syndrome, adrenogenital, prenatal diagnosis by amniocentesis (Merkatz et al.), 977
cardiofacial (Kajii, Mizutani, and Matsumoto) (Letter), 158
Cockayne's: report of a case with hyperlipoproteinemia, hyperinsulinemia, renal disease, and normal growth hormone (Fujimoto, Greene, and Seegmiller) (BCLO), 881
Cushing's, in infancy (Loridan and Senior), 349
de Lange, variability of: report of 3 cases and genetic analysis of 54 families (Pashayan et al.), 853
Down's, depressed immunoglobulin G in newborn infant with (Miller et al.), 996
Ehlers-Danlos, associated with multiple pulmonary artery stenoses and tortuous systemic arteries (Lees et al.), 1031
hemolytic-uremic, in nonrelated adopted siblings (Chan, Eleff, and Campbell) (BCLO), 1050
heroin withdrawal, course in newborn infants treated with phenobarbital or chlorpromazine (Kahn, Neumann, and Polk), 495
Job's—variant of chronic granulomatous disease (Bannatyne, Skowron, and Weber), 236
new: hereditary multicentric osteolysis with recessive transmission (Torg et al.), 243
Noonan's, and Turner syndrome (Chaves Carballo) (Letter), 729; (Summitt) (Reply), 730
oculocerebral, with aminoaciduria and keratosis follicularis (Adler and Nyhan), 436
Smith-Lemi-Opitz, cataracts in a girl with features of (Finley, Finley, and Monsky) (BCLO), 706
Turner, and Noonan's syndrome (Chaves Carballo) (Letter), 729; (Summitt) (Reply), 730
Zollinger-Ellison, in 10-year-old boy (Rosenlund et al.), 443
Syphilis, congenital, neonatal, fluorescent antibody test for: progress report (Scotti, Logan, and Caldwell), 1129
Syringes, disposable, potential hazard of (Inniss and Kuhns), 501

T

Tears, neonatal, observations on (McKay and Thom), 1245
Testing, tuberculin, in pediatric outpatient clinic (Weinberger and Terry), 111
Thrombosis, cerebral, in patient with homocystinuria (Hopkins, Townley, and Shipman) (Letter), 1082
Thymic alymphoplasia and dysgammaglobulinemia type I (Greenberg, Ray, and Tsai), 95
with XX/XY lymphoid chimerism secondary to probable maternal-fetal transfusion (Githens et al.), 87
dysplasia (Leikin, Purugganan, and Chandra), 229
Thyroxine binding globulin deficiency (Nikolai) (BCLO), 130
Toweling newborn infants (Long) (Letter), 157
Toxoplasmosis, congenital, present status of the IgM fluorescent antibody technique in diagnosis of (Remington), 1116
Transaminase levels, serum, and electrocardiographic abnormalities in diphtheritic myocarditis (Tahernia), 1008
Transfusion, exchange, and deferoxamine, comparison of, in treatment of acute iron poisoning (Movassaghi, Purugganan, and Leikin), 604
for hepatic encephalopathy, use of plasmapheresis during (Cohen, Schonberg, and Witover), 431
in treatment of hepatic coma (Marks, Mauer, and Goldman), 418
fetal-maternal, probable, thymic alymphoplasia with XX/XY lymphoid chimerism secondary to (Githens et al.), 87
Tuberculin testing in pediatric outpatient clinic (Weinberger and Terry), 111
Tuberous sclerosis, early recognition by funduscopic examination (Grover and Harley), 991
Turner syndrome and Noonan's syndrome (Chaves Carballo) (Letter), 729; (Summitt) (Reply), 730

U

Uracil, trial with, and long-term therapy with uridine: hereditary orotic aciduria (Becroft, Phillips, and Simmonds), 885
Uridine, long-term therapy with, and a trial of uracil: hereditary orotic aciduria (Becroft, Phillips, and Simmonds), 885
Umbilical artery, single, and congenital rubella (Moore) (Letter), 157

Urinary tract infection(s), initial (Forbes, Drummond, and Nogrady), 187
and meatal stenosis, meatotomy in girls with (Forbes, Drummond, and Nogrady), 937
Urine disease, maple syrup, treatment of (Goodman et al.) (BCLO), 485
galactose in, of newborn infants (Dahlqvist and Svenningsen), 454
Utero, in, congestive heart failure from suspected ductal closure (Arcilla, Thilenius, and Ranniger), 74

V

Vaccination by the intranasal route (Plotkin) (Editor's column), 736
Vaccine, live attenuated rubella virus (Cendehill 51 strain), clinical trial with (Cherry, Bobinski, and Comerci), 79
measles, live, Edmonston, eight-year serologic evaluation (Lepow and Nankervis), 407
Vaccine, poliovirus, inactivated, and attenuated type 3 poliovirus, immunization with: parallel vaccinations and cross-wise revaccination in school children with Sabin and WM3 strains (Böttiger), 273
vaccination with WM3 strain in 20 families (Böttiger and Lagercrantz), 30
type 3 (Pagano) (Editor's column), 162
Varicella and rubella in patient with acute leukemia: mixed viral infection (Finklestein, Wright, and Ward) (BCLO), 306
Ventricle, left, and mitral valve, obstructive anomalies of, coarctation of the aorta with (Khoury, Hawes, and Grow), 652
Ventricular septal defects, spontaneous closure, by aneurysmal formation of membranous septum (Varghese and Rowe) (BCLO), 700
after pulmonary artery banding (Nghiem, Harris, and Tyson) (BCLO), 694
in tricuspid atresia (Meng) (BCLO), 697
Viral infection, mixed: rubella and varicella in patient with acute leukemia (Finklestein, Wright, and Ward) (BCLO), 306
Virus, measles, altered reactivity to (Fulginiti and Arthur), 609
perinatal infection, Coxsackie B-5, silent, detection of (Hall and Miller) (BCLO), 124
vaccine, rubella, attenuated, live (Cendehill 51 strain), clinical trial with (Cherry, Bobinski, and Comerci), 79
Vitamin A and mucopolysaccharidosis: clinical and biochemical evaluation (Madsen and Linker), 843
$B_{12}$ deficiency, nutritional, in an infant (Lampkin and Saunders) (BCLO), 1053

W

Whiskey, untaxed, and fetal lead exposure (Palmisano, Sneed, and Cassady) (BCLO), 369
WM3 and Sabin attenuated strains, parallel vaccinations and cross-wise revaccination in school children with: immunization with inactivated poliovirus vaccine and attenuated type 3 poliovirus (Böttiger), 273
strain, vaccination in 20 families; immunization with inactivated poliovirus vaccine and attenuated type 3 poliovirus (Böttiger and Lagercrantz), 30

X

Xanthogranulomatous pyelonephritis (Lackner et al.) (BCLO), 482
XX/XY lymphoid chimerism, thymic alymphoplasia with, secondary to probable maternal-fetal transfusion (Githens et al.), 87

Z

Zollinger-Ellison syndrome in a 10-year-old boy (Rosenlund et al.), 443
